The ongoing charge figure shown is based on fees and expenses for the year ended 31 December 2019. This figure may vary from year to year. The ongoing charge excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry / exit charge paid by the Sub-Fund when buying or selling shares in another collective investment undertaking.

In case of significant volumes of trading, a dilution levy may be applied in the interests of existing shareholders. The maximum dilution levy that may be charged is shown in the table opposite under the heading "Exit charge".

Where the Fund invests in other funds, the figure includes the impact of the charges made in those other funds.
